

The top 3 benefits I've discovered since joining The Travel Agent Next Door

Increasingly, more and more small and start-up agencies are joining The Travel Agent Next Door-- in addition to the rapidly growing network of over 285 home based agents. The company's program offers member agents and agencies benefits and opportunities that are unmatched by any other group in Canada.

We asked some of the agencies who have joined The Travel Agent Next Door what are the top 3 benefits they've noticed since joining. This week, we are featuring the responses from Nikki Chatur, owner of Karibu Travel in Hinton, Alberta.

As an owner, please name the top 3 benefits of joining The Travel Agent Next Door:

- 1** As a manager of another agency, I had to do month end in Matrix to balance the books, now I don't have to worry about that.
- 2** I used to have to create my own web page, now it is done for me.
- 3** I have full training available to me in all areas, so I no longer have to figure everything out for myself.
